Supply High Quality Magnesium Hydroxide CAS 1309-42-8

Basic Info.

CAS No.:	1309-42-8
Formula:	Mg(OH) ₂
EINECS:	215-274-9
Appearance:	White amorphous powder or colorless hexagonal column crystal
Grade Standard:	Agriculture Grade, Electron Grade, Industrial Grade
Colour:	White
Transport Package:	25kg/PP Bags
HS Code:	2816100000
Origin:	China

Used

Magnesium hydroxide is A white, bulky powder. It dissolves in dilute acids, but is practically insoluble in water and in alcohol. It is white or almost white, fine, amorphous powder, practically insoluble in water. It dissolves in dilute acids.

Magnesium hydroxide is an excellent flame retardant for plastic and rubber products. As a flue gas desulfurizer in environmental protection, it can replace caustic soda-and lime as neutralizing agent for acid-containing wastewater. It is also used as an oil additive for anticorrosion and desulfurization. In addition, it can also be used in the electronics industry, medicine, sugar refining, analytical reagent, alkaline agent ,color retention, as insulation materials and manufacturing other magnesium salt products.

Storage precautions

Store in a cool and ventilated warehouse. The temperature of the warehouse should not exceed 37 ° C. It should be stored separately from oxidants and edible chemicals, and mixed storage should be avoided. Keep the container sealed. Keep away from sparks and heat sources.

Company information

Xiamen Ditai Chemicals Co., Ltd is a professional chemical company in C-ve, Agrochemical, Fertilizer, pharmaceuticals, water treatment and Minerals. Our management team has over 17 years of combined expertise meeting the needs of clients. We are proud our quality chemicals and service was approved by the clients in the worldwide.

Xiamen Ditai Chemicals Co., Ltd is an ISO9001:2008 certificated organization. We always pay attention to the quality control. For us, quality means satisfied clients. Only by constantly improving our internal and external procedures are we able to remain a reliable supplier of chemicals for our clients worldwide. Every step of the distribution chain is constantly checked and rechecked to guarantee the quality. Through continuous improvement in quality and service, we will provide our customers with products of optimum quality consistent with their requirements.

Besides the quality, we think the competitive price of goods is also important. Our comprehensive distribution network, buying power and efficient inventory management system allow us to offer our products at the best possible prices. Our principle is: Quality Chemicals With Competitive Prices - We Supply!

Up to now many of our chemicals have been done REACH final registration. It is convenient for the clients to use our chemicals in Europe market.

Your satisfaction is our most interested thing. Also your any suggestion will be highly welcome by us. Now enjoy your visiting and hope to hearing from you!
